If, in the opinion of the judges, other non-commercial practices have been carried out, they may disqualify that entrant from participation in that competition.
3. The judge's decision is final.
4. To compete, all "classed in" maiden merino ewes are to be of the same drop and display the current year's colour tag. A minimum of 50 ewes are required to compete.

 - Commercial qualities
 - Conformation
 - Structure
 - Size for type
 - Culling percentage

 - Wool quality and character for type
 - Wool quantity for type
6. An entry form for the competition should be given to the Chief Steward prior to, or on the initial day of judging and is to be made available to the Show Secretary. 7. On the day of judging all maiden ewes must be presented as one mob in a yard with access to a drenching race. The judges will instruct when to fill the race for further inspection.
8. All entrants (or a representative) are required to attend the presentation at the nominated venue on the evening of the competition.
9. Any person, partnership, or company, who is a registered stud of the N.S.W Stud Merino Breeders Association or who has bred and then sold or traded merino rams to another merino enterprise within the last five years, will be ineligible to enter the championship.
10. If joining is in progress the exhibitor may leave the Rams in if they desire.
11. A standard culling percentage of approximately 30% is deemed acceptable in the commercial sheep industry. Extremes above or below may incur penalties, where the judges see fit.
12. All decisions and judgments made by the judges will be final.
